PARTNER BRANDS AND PRODUCTS

2025 - 2026

New Zealand Edition

PARTNER BRANDS AND PRODUCTS

iDrives
POWERED BY COLTERLEC

- Integra Digital Metering
- Kilowatt Hour Energy Meters
- Transducers
- Protector Trip Relays
- Meter Relays
- Digital Indicators
- Analogue Meters
- Current Transformers
- DC Shunts

- IC2 Micro Drive
- FC280 Midi Drive
- FC102 HVAC Drive
- FC131 HVAC Basic Drive
- FC202 Aqua Drive
- FC302 Automation Drive
- MCD 100/200/600 Soft Starters
- Harmonics Solutions
- VACON
- 100 Industrial/Flow/X Drives
- **IC7 Series Launching 2026**

- Power Distribution
- Motor Control and Protection
- Solid State Motor Control
- Push buttons and Indicators
- Limit Switches and Sensors
- Automation
- Relays, Timers and Counters
- Bussmann Fuses
- MTL Barriers
- CCTV Cameras

- IP66 Stainless / Mild Steel / Non-Metallic Enclosures
- Mining Enclosures
- Visual Break Isolator Panels
- Ventilation Solutions
- Industrial LED Lighting
- Mining LED lighting
- Portable LED Lighting
- UltraSwing Pole Solutions
- Mid-Hinged/Tapered Poles
- Value Add Solutions

- Signal Converters
- Signal Isolators
- Signal Amplifiers
- Signal Splitters
- Sensor Monitoring

- Multifunction LED Signal and warning Beacons
- Multitone Sirens and Horns
- Configurable Audible and Visual stack lights
- Visual and Audible Combination systems
- Smart Signalling

- Radar Technology
- Infrared Technology
- Tactile Protection
- Loop Detectors
- Pressure Wave Technology
- Signal Transmission
- CleanSwitch

- Industrial Scanners
- Line Scanners
- RFID Technology
- Handheld Barcode Scanners
- Industrial Sensors
- Safety Light Curtains
- Machine Vision
- Safety Area Sensors
- Lidar Guidance

- Flow and Rate Sensors
- Fill Level Sensors
- Inductive and Capacitive Proximity Switches
- Infrared Detectors
- Temperature Sensors
- Pressure Sensors
- Ultrasonic Sensors
- Metal Detectors
- I/O Link
- Hazardous Area Sensors

- Integrated Interlock and Control Units
- Mechanical Key Based Safety Systems
- Hygienic, Food safe Interlocks
- Compact RFID Safety Switches
- Explosion Proof Stainless Steel Interlocks
- Pneumatic and Hydraulic Safety Valves

- EVO Separable Switch Disconnect
- Decontactor™ = Plug + Industrial Switch
- Multicontact Sockets
- Industrial Connectors
- Single Pole Connectors
- Hazardous Area Connectors and Sockets

- ERICO
- Surge Protection
- Lightning Protection
- Grounding and Bonding
- ERIFLEX
- Flexible Busbars
- Braided Conductors
- Distribution and Power Blocks
- FLEXBUS
- FlexBus Conductors
- Supports and Connections

- Transformers
- Power Supplies
- Battery Chargers
- Converters
- Substation Battery Tripping Units
- Resistors
- Test Equipment
- Testing Services
- Design and Equipment Repair Centre

- Battery Testers
- Continuity Testers
- Multimeters
- Voltage Testers
- Outlet Testers
- Test Kits
- Wire Tracer

- Grace Preventative Electrical Safety Devices
- Preventative Maintenance Systems
- Safe Test Point
- Hot Spot Monitors
- Live Line Indicators
- Presence of Voltage Indicators
- GracePort and HMI Covers
- Proxxi by Grace

- Incremental Encoders
- Absolute Encoders
- Functional Safe Encoders
- Explosive Environment Encoders
- Encoders for Condition Based Maintenance
- Customised Encoders
- ESR Strain Sensors
- Interface Electronics
- Accessories

- Machine Safety
- Auditing Services
- Risk Assessment Validation
- Safety Procedures Development
- Isolation Review
- Electrical Protection
- Emergency Controls
- LOTO Lock Out Tag Out

- Plastic, Stainless Steel and High Temperature Safety Switches
- Electronic Safety Switches
- RFID Safety Switches
- Safety Systems
- Safety Relays
- Solenoid Interlocks
- SafeLine Lanyard Switches

- Terminals and Terminal Blocks
- Sensor/Actuator Cabling and Connectors
- Marking Systems, Tools and Mounting Material
- Power Reliability, Power Supplies, Surge and Electronic Breakers
- PLCNext
- Interface, Monitoring and Switching Devices
- Automation

- Emergency Stop Devices
- Pull Wire Switch
- Belt Rip Switch
- Push Button Enclosures
- Belt Misalignment Switch
- Pull Wire
- Tilt Switch
- Lanyard Wire Support

- Combined PLC+HMI+IO all in one unit
- UniStream
- Vision
- Samba
- Jazz
- 3G/4G Routers
- UniCloud Connectivity and Dashboards
- VFD and Servo Drives
- Free Programming Software

- Limit Switches (XC/ 9007)
- Inductive Proximity Sensors (XS)
- Capacitive Sensors (XT)
- Photoelectric Sensors (XU)
- Ultrasonic Sensors (XX)
- Pressure Sensors (901/XM)
- RFID and Inductive Identification Systems
- Safety Switches and Sensors
- Cabling (XZC)

- Energy Storage System
- Active Harmonic Filter Solutions
- Hybrid Power Quality System
- Static Synchronous Compensator
- Static Var Compensator Solutions

- Earth and Neutral Bars
- Covered Links
- Mounting Supports
- Line Taps
- Selected products are certified to comply with AS/NZS5112:2015
- Ratings from 90A - 500A

- Photoelectric Sensors
- Light Curtains
- Remote Photoelectric Systems
- Optical Fork Sensors
- Power Supply Units
- Industrial Light Curtains
- Measuring Light Curtains
- Optical Frame Sensors
- Accessories

- Modular Machine Safety Fencing Systems
- Anti-Collapse Rack Panels
- Pedestrian and Forklift Safety
- Warehouse and Property Partitions

- DB's rated up to 250A
- Versatile – tailored to suit project requirements
- Designed, tested and manufactured to AS/NZS 61439
- IP54 rated for dust and water ingress protection
- Mild steel construction with durable powder coat finish
- X15 Orange and N42 Grey

Colterlec is a supplier of exceptionally high quality industrial electrical and automation products and solutions.

Our strength has always been our experienced and qualified team, who continually offer outstanding technical support and exceptional customer service, as well as our partnerships with leading global suppliers. We are a reliable and trusted supply partner for major industries including wholesalers, mining, manufacturing, water treatment, infrastructure, oil and gas, food and beverage plants.

Our mission is to provide our stakeholders with quality services and solutions that exceed their expectations - **every single time.**
